

I am pleased to announce that Vavco LLC has been verified as a Veteran-Owned Small Business (VOSB) by the U.S. Department of Veterans Affairs (VA), Center for Verification and Evaluation (CVE).

The VOSB designation not only honors the military service of Vavco's President, Robert Olech but also provides opportunities for Vavco to continue to serve our nation's critical energy infrastructure needs.

Vavco has over 14 years' experience performing work in the oil and gas sector providing mechanical, electrical and automation support primarily in Pennsylvania, Ohio and West Virginia. We have recently added an in-house Air Quality Division to support permitting and compliance needs.

Vavco is proud to open a new chapter in our long history of service.

Robert Olech – President and Navy Veteran – USS Alaska SSBN 732 B

A handwritten signature in blue ink, appearing to read "Robert Olech".
